Dear Ms. Dortch:

Citadel Broadcasting Company ("Citadel"), through counsel, and pursuant to Section 25.133 of the Commission's Rules, notifies the Commission that it has completed construction and commenced operating its C-band transmit/receive earth station referenced above. Citadel completed construction and tested and verified that the antenna and RF equipment are operating within the 2dB pattern specified in Section 25.209 of the Commission's Rules. The station became operational and will remain operational during the license period unless the license is submitted for cancellation.

Please contact undersigned with any questions regarding this matter.

Very truly yours,

Christopher J. Sova
