MOTION FOR EXTENSION OF TIME

The Boeing Company ("Boeing"), by its attorneys, hereby files this Motion for Extension of Time in the above-captioned application proceeding. Comments on Boeing's application were filed by PanAmSat Corporation ("PanAmSat") on April 21, 2006, and comments on Boeing's application amendment were filed by ViaSat, Inc. ("ViaSat") on April 28, 2006. Boeing seeks a brief seven-day extension of the reply period in the application proceeding to permit the filing of a consolidated reply on May 8, 2006.

In support of its request, Boeing notes that certain issues raised in PanAmSat's comments with respect to Boeing's proposed operations are still being addressed by PanAmSat and the operator of the AMC-6 satellite, SES Americom, Inc. Indeed, responsible personnel at both companies have been on travel and are returning this week. Boeing believes that the brief extension requested herein will provide sufficient time to resolve the issues raised in PanAmSat's comments.

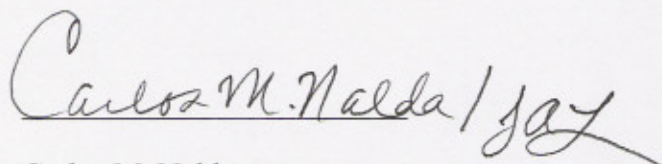

Boeing has contacted PanAmSat's counsel concerning this request and PanAmSat does not object to the requested extension of time. Moreover, grant of Boeing's request

would promote administrative efficiency and preserve scarce Commission resources by permitting a single, consolidated reply filing in this application proceeding.

For these reasons, Boeing respectfully requests that the Commission grant its Motion for extension of Time and permit Boeing to file a consolidated reply pleading on May 8, 2006.

Respectfully submitted,

THE BOEING COMPANY
