Re: Application for Earth Station License for E040286, File No. SES-LIC-20060306-00367

Dear Ms. Dortch:

Intelsat LLC ("Intelsat"), by its attorneys, files this letter pursuant to Section 1.65 of the rules of the Federal Communications Commission ("FCC")¹ to provide additional information relevant to the above-captioned application for a new earth station license.

Intelsat intends to insert a new holding company, Intelsat Intermediate Holding Company, Ltd., into its corporate chain above its FCC-licensed entities. As such, on March 24, 2006, and pursuant to Section 25.119 of the FCC's rules, Intelsat filed applications seeking consent for the proposed non-substantive, *pro forma* transfer of control of its existing earth station licenses from Intelsat (Bermuda), Ltd. to Intelsat Intermediate Holding Company, Ltd.² The FCC's rules do not require Intelsat to seek the FCC's prior approval for the proposed non-substantive, *pro forma* ownership change for the above referenced pending earth station license application. Indeed, the FCC's rules did not require Intelsat to provide ownership information in this earth station application. Out of an abundance of caution, however, Intelsat hereby notifies the FCC of the proposed new holding company, which is fully described in the pending applications for *pro forma* transfer of control.³

Please do not hesitate to contact the undersigned with any questions.

Respectfully submitted,

Jennifer D. Hindin
