Office of the Secretary

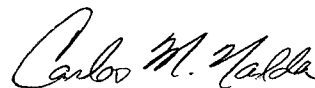

**Re: RaySat, Inc., Application for Authority to Operate 4,000  
In-Motion Mobile Satellite Antennas in the 14.0-14.5 GHz and 11.7-  
12.2 GHz Frequency Bands, Call Sign E060101, File No. SES-LIC-  
20060629-01083 - Request for "Permit But Disclose" Status**

Dear Ms. Dortch:

RaySat, Inc. ("RaySat") respectfully requests that the Commission afford this application proceeding "permit but disclose" status under Section 1.1206 of the rules.<sup>1</sup> This application proceeding raises complex and novel issues and Commission consideration of these issues would be furthered by the enhanced exchange of information afforded by "permit but disclose" status, subject to disclosure of such communication to interested parties. Furthermore, ViaSat, Inc. and Parsons Transportation Group Inc., the only commenters in the proceeding, have consented to RaySat's request for "permit but disclose" status. Because Commission consideration of the pending application would be enhanced and all interested parties support this request, grant of "permit but disclose" status would serve the public interest.

Please feel free to contact the undersigned with any questions regarding this submission.

Sincerely,

Carlos M. Nalda  
Counsel to RaySat, Inc.

cc: Scott Kotler  
Andrea Kelly

---

<sup>1</sup> See 47 C.F.R. §1.1206.
