Re: File No. SES-LIC-20060809-01337
Call Sign: E060309

Dear Mr. Payton:

On August 9, 2006, West Virginia Media Holdings, LLC, filed the above-captioned application for a Temporary-Fixed Ku-band¹ transmit/receive earth station. For the reasons stated below, we dismiss the application as defective.

West Virginia Media did not submit the required Radiation Hazard Study in response to Question 28 of the 312 Main Form. This study must accompany all applications for new transmitting facilities. Also, the application does not include a value for the antenna gain in response to questions E41 and E42 of Schedule B of Form 312 nor does it include any information regarding the receiving emission designator in response to question E47. Without this information, the application is incomplete.

Accordingly, pursuant to Section 25.112(a)(1) of the Commission's rules, 47 C.F.R. §25.112(a)(1), and Section 0.261 of the Commission's rules on delegations of authority, 47 C.F.R. §0.261, we dismiss this application without prejudice to refiling.²

Sincerely,

A handwritten signature in cursive script that reads "Scott A. Kotler".

Scott A. Kotler
Chief, Systems Analysis Branch
Satellite Division
International Bureau

¹ 11.7-12.2 and 14.0-14.5 GHz bands.

² If West Virginia Media Holdings, LLC refiles an application identical to the one dismissed, with the exception of supplying the missing study and information, it need not pay an application fee. See 47 C.F.R. § 1.1109(d).
