Re: GCI Communications Corp., Section 25.133(b) Submissions

Dear Secretary Dortch:

Enclosed please find a compliance filing as required by Section 25.133(b) of the Commission's rules for call signs E060426, E060427 and E060428.

The licenses referenced under the call signs listed above were each granted on January 16, 2007. Each of the earth station facilities was constructed and operational within the required 12-month period, as prescribed by Section 25.133 of the Commission's rules.

The filing of the associated certification was briefly delayed due to a medical emergency concerning GCI's licensing manager, and is being submitted immediately upon the temporary transfer of her duties. As a result, and out of an abundance of caution, we respectfully request this certification be accepted as timely filed or that waiver be granted of any applicable rule.

Sincerely,

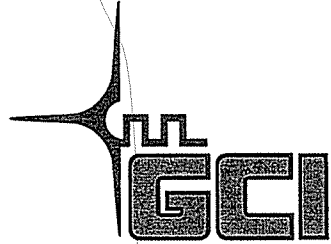

Tina Pidgeon  
Vice President, Federal Regulatory Affairs

Re: General Communications, Inc.  
Section 25.133(b) Submissions

Dear Ms. Dortch:

By this instant filing, General Communications, Inc. ("GCI") seeks to ensure compliance with Section 25.133(b) of the Commission's rules with respect to earth stations licensed to GCI and its subsidiaries. This section provided that upon the completion of construction, each licensee must file with the Commission a certification containing the following information:

The name of the licensee;

Call sign of the antenna;

Date of the license;

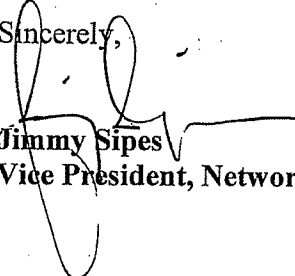

A certification that the facility as authorized has been completed and that each antenna facility has been tested and is within 2 dB of the pattern specified in §§ 25.209, 25.135 (NVNG MSS earth stations), or § 25.213 (1.6/2.4 GHz Mobile-Satellite Service and 2 GHz Mobile-Satellite Service earth stations);

The date on which the station became operation; and

A statement that the station will remain operational during the license period unless the license is submitted for cancellation.

Please address any questions regarding this matter to the undersigned.

Sincerely,

  
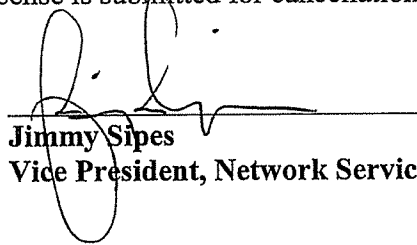

**Jimmy Sipes**  
Vice President, Network Services & Chief

**Engineer**

**Section 25.133(b) Submission**

<b><u>MOST CURRENT LICENSEE</u></b>	<b><u>CALL SIGN</u></b>	<b><u>LICENSE DATE</u></b>	<b><u>OPERATIONAL DATE</u></b>
General Comm Corp. E060426	E060426	01/16/2007	December 1, 2007
General Comm Corp. E060427	E060427	01/16/2007	November 28, 2007
General Comm Corp. E060428	E060428	01/16/2007	December 20, 2007

The authorized antenna, as tested, meets the requirements specified in Section 25.209 and 25.132 of the Commission's Rules. This station has and will remain operational during the license period, unless and until the license is submitted for cancellation.
