Re: This letter is to certify completion of construction and commencement of operation of a Fixed
Satellite Earth Station.

Name of Licensee: Motor Racing Network, Inc.
File Number: SES-LIC-20071017-01427
Call Sign: E070242

On January 8th, 2008 full technical compliance and antenna performance verification of the earth station was performed per the FCC rules & regulations (25.209). Testing and verification was performed using the facilities, resources, and monitoring equipment of Intelsat and NPR. Commencement of service began on January 9th, 2008 and is expected to remain operational for the licensed period indicated.
