20080903-01137

Dear Ms. De La Torre:

Iridium Communications Inc. ("Iridium") hereby notifies the Commission that, pursuant to Section 25.258 of the Commission's rules (47 C.F.R. § 25.258) and in connection with Commission grant of the above-referenced earth station applications, Iridium, New DBSD Satellite Services G.P., Debtor-in-Possession ("DBSD"), and General Dynamics Satellite Communications Service, LLC ("General Dynamics") have completed coordination for the following earth stations in the 29.25-29.5 GHz band:

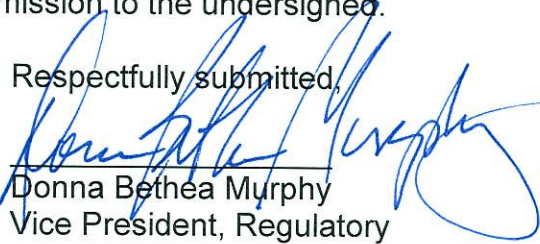

FCC licensee	FCC Call Sign	Earth station name	location
Iridium	E960131	Tempe	Tempe, Maricopa, AZ
	E960244	Chandler	Chandler, Maricopa, AZ
	E050282	Fairbanks	Fairbanks, North Star Borough, AK
	E960272 ^{1,2}	Sunset Beach	Sunset Beach, Hawaii
General Dynamics	E980049 ^{3,4,5}	Wahiawa	Wahiawa, Honolulu, HI
DBSD	E070290	NLV	North Las Vegas, Clark, NV

Notes:

- 1) The licensee name of the earth station is Iridium Constellation LLC.
- 2) The FCC authorized uplink frequency band is 29.10 – 29.25 GHz. The Iridium satellite constellation receives 29.1-29.3 GHz
- 3) The licensee name of the earth station is General Dynamics Satellite Communications.
- 4) Although Iridium has coordinated this earth station with DBSD, General Dynamics is a signatory to this agreement with respect to the operation of this earth station with the Iridium constellation.

Please direct any questions regarding this submission to the undersigned.

Respectfully submitted,

 Donna Bethea Murphy
 Vice President, Regulatory

Engineering

Iridium Communications, Inc.
