Dear Ms. Bryant:

Both answers are in error due to my screw-up. The correct answer to Q. E15 is "yes," I was thrown off by the reference to the "Fixed Satellite Service." Of course, a "temporary-fixed" earth station is part of the "Fixed Satellite service."

The answer to Q. 28 should be "no," as shown by the attached Radiation Hazard Study.

I apologize for causing you so much extra work.

Please address why you answered yes to question #28???

Tnx. t..

Dear Ms. Bryant:

Please amend the above-referenced application as follows:

1. Sure Shot's response to Question E43/44(Frequency Bands) should read:  
11700-12200 MHz.

2. Sure Shot's response of 44.54 EIRP Density(dBW/4kHz) in E50 should be  
changed to: 32.6 dBW/4 kHz

Should you have any further questions concerning this application, please  
don't hesitate to contact me.

Respectfully Submitted,

Joseph E. Dunne III  
Attorney for Sure Shot Transmissions, Inc.
