Subject: Correction to Emission Designator for 6 Univision FES Applications

Dear Towanda,

As per our discussion earlier today, the correct emission designator for all 6 of Univision Network's applications is 6M00G1F. This is applicable to the following sites:

Houston, TX - File # 2008-0411-00450  
San Francisco, CA - File # 2008-0411-00451  
Washington, DC  
Los Angeles, CA  
Guaynabo, PR  
New York, NY

I do not know the FCC File numbers for the remaining four sites, but I am guessing that they are sequential to the numbers which have already been assigned.

Thank you for your assistance in this matter. Please do not hesitate to call, fax or email me if I can be of any further assistance.

Best regards,  
Janine Miliband
