(Call Sign: E080100). In order to develop a full and complete record on these applications, the Satellite Division concludes that the public interest will be served by designating these applications as "permit-but-disclose." See 47 C.F.R. §§ 1.1200(a), 1.1206 and 1.1208 note 2. This action is without prejudice to any action on these applications.
