RE: Request for License Application Correction
Moonlink Satellite, Inc.
Ku-band Transmit-Only Earth Station
FCC File #: SES-LIC-20080725-00991
FCC Call Sign: E080176

Dear Mr. Kotler:

I am forwarding this letter to you on behalf of our client Moonlink Satellite, Inc. On July 25, 2008 they filed a license application for a Ku-band transmit-only transportable earth station (File Number: SES-LIC-20080725-00991).

In Schedule B, under items E43/44 of the application the frequencies listed were incorrect. The applied for frequencies should have been 14,000.0 to 14,500.0 MHz for both the analog and digital emissions.

I apologize for the oversight.

Please call me at (703) 726-5660, if you have any questions, or require additional information.

Respectfully submitted,

Comsearch
