Re: O3b Limited
Call Sign E100088
File No. SES-LIC-20100723-00952

Dear Ms. Dortch:

The above-referenced license authorizes O3b Limited ("O3b") to operate a gateway earth station in Haleiwa, Hawaii, that will communicate with O3b's U.K.-authorized space stations. A condition of the license requires O3b to file with the FCC, within five business days of action by the UK authorities, evidence that launch and space operations have been authorized under the UK's Outer Space Act.¹

In satisfaction of this condition, O3b is filing the attached Space Activity Licenses, dated May 3, 2013, that have been issued pursuant to the UK's Outer Space Act. O3b has redacted part of Section 6.2 of the licenses because it contains commercially sensitive information relating to O3b's insurance.

¹ Condition 90045, Radio Station Authorization for Call Sign E100088, at 4.
