Re: Call Sign E970117
File No.: SES-LIC-20111013-01219

Dear Mr. Curtis:

On October 13, 2011, Life On The Way Communications Inc. filed the above-captioned license application for a Fixed Satellite Transmit-Only earth station. For the reasons stated below, we dismiss the application as defective, without prejudice to re-filing.

Section 25.112 of the Commission's rules, 47 C.F.R. § 25.112, requires the Commission to return as unacceptable for filing any earth station application that is not substantially complete, contains internal inconsistencies, or does not substantially comply with the Commission's rules. The Life On The Way Communications Inc. application has the following deficiencies, which render the application unacceptable and subject to dismissal:

Section 25.130(a) of the Commission's rules, 47 C.F.R. §25.130(a) requires that applications for a new or modified transmitting earth station facility shall be submitted on FCC Form 312, and associated Schedule B, accompanied by any required exhibits. Life On The Way Communications Inc did not submit any information in Schedule B, items E41 through E 60.

In light of the above, pursuant to Section 25.112(a)(1) of the Commission's rules, 47 C. F. R. § 25.112 (a)(1) and Section 0.261 of the Commission's rules on delegations of authority, 47 C.F.R. §0.261, we dismiss the referenced application without prejudice to re-filing.

Sincerely,

A handwritten signature in blue ink that reads "Paul E. Blais".
