

Response to Question 42
Foreign-Licensed Satellites

EchoStar Broadcasting Corporation is seeking authority to operate a new Direct Broadcast Satellite (“DBS”) feeder link earth station with one foreign-licensed DBS satellite. The provision of service from that satellite, Ciel 2 (Canada), has already been authorized by the Commission.

Ciel 2 at 129° W.L. Please see File No. SES-MFS-20080926-01242 for the information specified in 47 C.F.R. § 25.137 for Ciel 2 at 129° W.L.¹ The Commission has previously granted blanket earth station and DBS feeder link authorizations for the provision of DBS service into the United States from Canadian-licensed Ciel 2 at 129° W.L.
