

Exhibit G

ESV Vessel Tracking and Emission Records Collection/Storage

Per 47 C.F.R. Ch. 1 §25.222(a)(4) (restated below), GCI Communication Corp (“GCI”) will maintain time-annotated records associated with each ESV associated with this application that will contain (a) vessel position information and (b) emission information (transmit frequency, channel bandwidth, and satellite used). These records will be accumulated and stored as specified below.

Further, per 47 C.F.R. Ch. 1 §25.222(a)(5) (restated below), should GCI utilize any ESV associated with this application to communicate with vessels of foreign registry it will maintain detailed information on each vessels country of registry and a point of contact for the relevant administration responsible for licensing such ESV’s.

47 C.F.R. Ch. 1 §25.222(a)(4)

Requirement: “For each ESV transmitter, a record of the ship location (i.e., latitude/longitude), transmit frequency, channel bandwidth and satellite used shall be time annotated and maintained for a period of not less than 1 year. Records will be recorded at time intervals no greater than every 20 minutes while the ESV is transmitting. The ESV operator will make this data available upon request to a coordinator, fixed system operator, fixed-satellite system operator, NTIA, or the Commission within 24 hours of the request.”

Declaration: GCI will collect and store the information specified above in accordance with the stated time intervals and retention period. GCI will make this information available to authorized parties within 24-hours of the initial request.

47 C.F.R. Ch. 1 §25.222(a)(5)

Requirement: “ESV operators communicating with vessels of foreign registry must maintain detailed information on each vessel’s country of registry and a point of contact for the relevant administration responsible for licensing ESVs.”

Declaration: GCI will maintain the information specified above. GCI will make this information available to authorized parties.
