Subject: Request for new official authorizations for earth stations

Jeanette and Eleanor – My client, Cox Television Tulsa, LLC has requested new original copies of the authorizations for E150110 (T/R) and E150126 (R/O). Can you send me new ones and I will forward them to the station for posting? Somehow the originals never got to the station, even though the correct address was listed in the applications.

If there is now a way to pull official authorizations off IBFS, can you let me know so I won't have to bother you and interrupt your busy days?

Thank you.
