Regarding:

Call sign: E160006

File No: SES-LIC-20160107-00028

Dear Mr. Anthony,

This letter is a confirmation that X2nsat is planning to control all three types of remote VSAT terminal stations from our HUB Location in Petaluma CA. These three different types of VSAT terminal antennas have been specified and requested on File No: SES-LIC-20160107-00028.

Sincerely

Enrique Amezcua, Project Engineer
