**Re: United Teleports, Inc. – Correction of Fixed Earth Station License Site Address
File No. SES-LIC-20160513-00427 (Call Sign E160081)**

Dear Ms. Dortch:

United Teleports, Inc. (“United Teleports”), in connection with the above-referenced fixed earth station authorization, is writing to correct the site location address currently provided in the license.

The site location geographical coordinates remain correct and the physical location of the earth station will not change. However, it appears that the licensee address was inadvertently included as the earth station site address. The correct address of the earth station site is:

10161 Range Line Road
Port St. Lucie, FL 34987

Accordingly, United Teleports requests that its fixed earth station license be updated to include the correct site location address.

Please do not hesitate to contact me with any questions regarding this matter.

Respectfully submitted,

A handwritten signature in black ink that reads "Carlos M. Nalda".
