Re: Amendment

Mr. Jose Trevino,

Thank you for bringing to our attention the calculation issues on the following file number, and the incorrect data being entered onto line E60 of the application. The affected files number is as follows:

- 1) File Number: SES-LIC-20170127-00088  
Call-sign: E170023

We kindly ask that the following change be made to the application.

- 1) E60: Maximum EIRP Density toward the Horizon (dBW/4KHz) should be changed to -19.54 dBW/4KHz.

Thank you your consideration and attention to this matter.

Sincerely,
