Mikel,

Thanks for the call today. I understand that you want us to withdraw your pending applications for you. I am sorry but IBFS does not allow me to withdraw the filings for you. It only allows me to dismiss them "at Applicant's Request". In order for you to get a refund you will need to email the Managing director at ARINQUIRIES@fcc.gov. The Director's staff will then confer with the International Bureau where I work. I have dismissed your applications at your request.

Here's the information about requesting a refund from our [Frequently Asked Questions about Filing Earth Station Applications](#) webpage.

[How does an applicant request a refund?](#)

Answer

A request for a refund of filing or regulatory fees must be addressed to the FCC's Office of the Managing Director, which has delegated authority to act upon requests for waiver, reduction or deferment of fees . 47 C.F.R. § 0.231. Refund of fees is appropriate only in specific circumstances set forth in 47 C.F.R. § 1.1115 (filing fees) and 47 CFR § 1.1160 (regulatory fees) . An applicant can request a refund by sending an email to ARINQUIRIES@fcc.gov. The International Bureau is not authorized to address such requests, but may be consulted to confirm factual or procedural issues related to the request.

Subject: License Application Withdrawal

Good afternoon Paul,

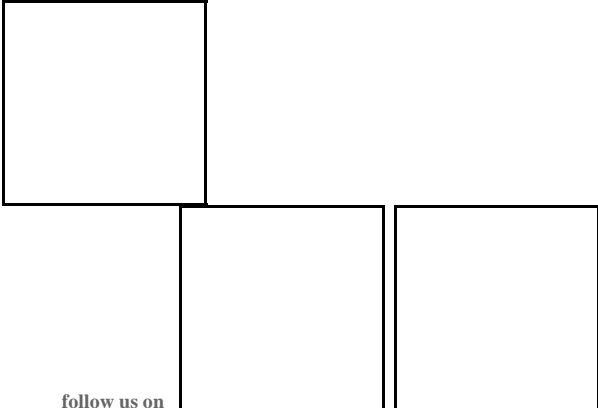

After further consideration and conversation with our client. We have decided to go ahead and withdraw both applications, file nos. SES-LIC-20170601-00610, call sign E170112 and SES-LIC-20170601-00611, call sign E170113.

After working to ensure the applications are correct we can coordinate for re submission. Please give me a call if you have any other questions.

Best regards,
