Please call Said – 954-236-2993

He has a license with 6 transmit/receive antennas in the c-band. He also has a bunch of receive only antennas not included. He was asking more detailed questions than I could answer.

Could you please give him a call?

Kathleen

Good Morning Kathleen,

I am told you are the person who can help us. We have to file a Section 25.133(b) – Period of Construction, certification of commencement of operation. Could you please advise as to how we can go about filing this document.

Sincerely,

Said I Khan
