File #: SES-LIC-20181017-03654

The EIRP for the Ku-band antenna(s), item E40, was list as 80 dBW, the correct EIRP is 84.84 dBW.

Petition for Reconsideration – A petition for reconsideration for this site is requested to correct the EIRP of this site on the FCC License/Public Notice. Since the change is for the Ku-band antenna(s) there are no frequency coordination n concerns.

All other parameters remain the same.

Please let me know if you have any questions.

Thank you
