Federal Communications Commission  
Attn: Stop Code 0800B  
The Portals  
445 12<sup>th</sup> St SW  
Washington DC 20554

Supplemental Filing  
Name: Live Mobile Group  
Call Sign: E190776  
File Number: SES-LIC-20191003-01268

Response to Trang Nguyen email 11/27/19

*“the Rad Haz study to find that the total feed input power is 267.4 W where as you are proposing to have 400 W total input power. Why is there a difference?”*

Corrections:

1. E38. Total Input Power at antenna flange **correction 267.4W**
2. E40 Total EIRP for all Carriers **correction 73.9**
3. E 48 Maximum EIRP per Carrier **correction 73.9**
4. E49 Maximum EIRPDensity Per Carrier **correction -15.3 dBW/4kHz**
