Re: WML Services, LLC
Earth Station Application Amendments

Dear Jae Lim,

Thank you for bringing to our attention the calculation issues on the following file numbers, and the incorrect data being entered onto line E40, and lines E48 and E49 (for emission designator 36M0G7F) of the applications. The affected file numbers are as follows:

- | | | |
|----|-------------------------------------|--------------------|
| 1) | File Number: SES-LIC-20191023-01379 | Call Sign: E190883 |
| 2) | File Number: SES-LIC-20191023-01382 | Call Sign: E190885 |
| 3) | File Number: SES-LIC-20191023-01383 | Call Sign: E190886 |

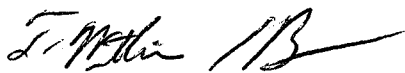

We kindly ask that the following changes, identical to all applications above, be made:

- 1) E40: Total EIRP for All Carriers (dBW) should be changed to 71.52 dBW**
- 2) E48: Maximum EIRP per Carrier (dBW) under 36M0G7F should be changed to 71.52 dBW**
- 2) E49: Maximum EIRP Density per Carrier (dBW) under 36M0G7F should be changed to 31.96/4KHz**

Thank you for your consideration and attention to this matter. Should you have any further questions please contact the undersigned.

Respectfully submitted,

HOLLAND & KNIGHT LLP

F. William LeBeau
FCC Counsel for WML Services, LLC
