Hello Jae Lim ,

Thanks for your email .

The company UNITED TELEPORTS is a domestic company and we operate 2 teleports in Florida : for example, Call Sign E160081 and E160072

We are launching this teleport in Thomaston GA for expansion and back up for our Florida operations - urgently needed for the hurricane season !

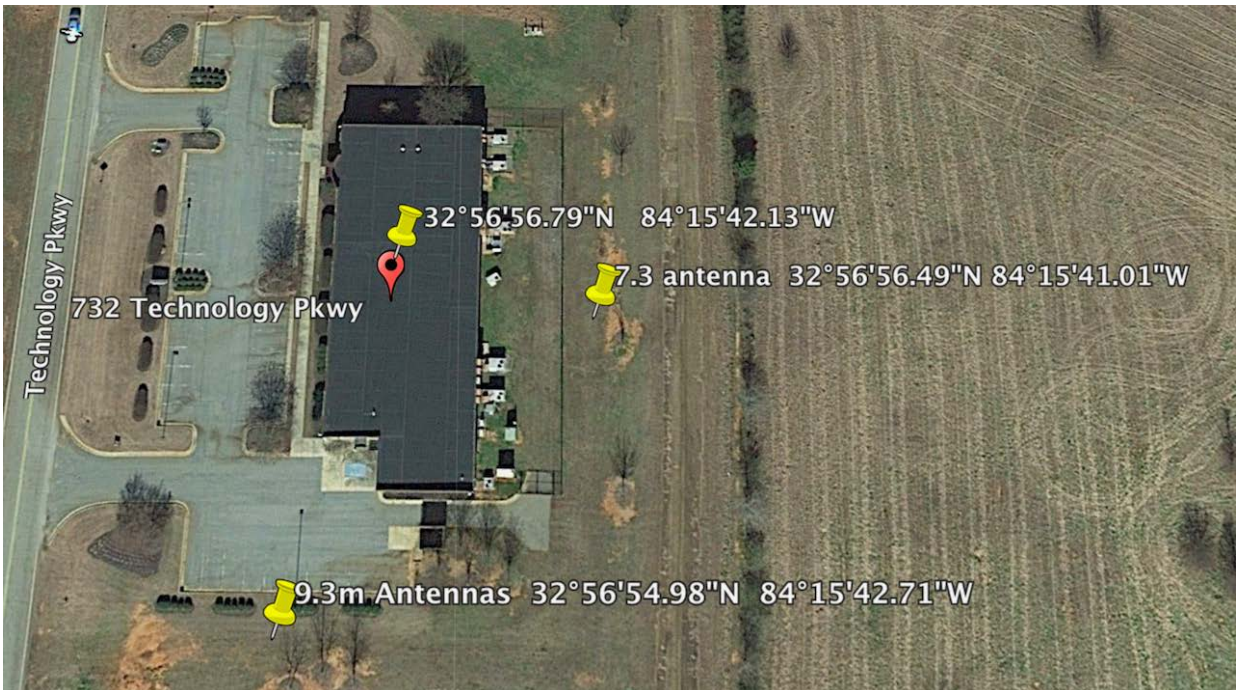

The antennas were recently installed and do not show in the pictured as Google Maps takes a while to be updated .

We are sending attached a picture of the 9.3m antennas as installed and also the location of the 9.3 m and 7.3 m antennas using Google Earth .

Please let us know if you need any further information or clarification .

Best regards ,

Renato Dias  
COO  
United Teleports Inc.

Hi Mr. Renato G Dias,

I hope all is well with you and your family.

I'm unable to verify location of your 9.3m and 7.3m antennas.

Please verify antenna coordinates.

Please also confirm this is a domestic company.

Thanks.
