Re: Files: PCN M2016108
L3Harris Technologies, Inc
6.175 GHz System

Dear Micronet Representative:

Thank you very much for your PRCZ approval request sent to us in accordance with the Puerto Rico Coordination zone agreements. We have considered the technical aspects of your application and find that the following paths are unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Arecibo Observatory:

Coordinates: Latitudes (NAD83) 18 29 7.3 N Longitud (NAD83) 67 8 54.6 W

We therefore have no objections to your proposed installation.

Sincerely yours,

Angel M. Vázquez
Spectrum Manager
