RE: Reinstate Licenses E871627

On behalf of PSSI Global Services LLC, FRN 0014469779, I respectfully ask the Commission to reinstate FCC license number E871627. On June 24th, 2022, I started the process of renewing two licenses we have expiring in July of 2022. I discovered that a clerical error on one of the renewal dates in my records mistakenly had license E871627 expiring on 07/15/2022 instead of the actual expiration date of 05/15/2022.

I ask that the commission reinstate this license so it can be renewed,

If further information is required, please direct inquiries and correspondence to the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "B Nelles".

Brian S Nelles
