

UNITED STATES OF AMERICA

FEDERAL COMMUNICATIONS COMMISSION

EARTH STATION AUTHORIZATION

Name: Northwood Space Corp.

Call Sign: E260324

Authorization Type: License

File Number: SES-LIC-20260426-01140

Grant Date: 2026-07-28

Expiration Date: 2041-07-28

Nature of Service:

- Earth Exploration-Satellite Service
- Space Operation Service
- Space Research Service

Class of Station: a. FSS Fixed Earth Station (single location)

A) Site Location(s):

#	Site ID	Address	Latitude	Longitude	Elevation (Meters)	NAD	Special Provisions (Refer to Section H)
1	Loring	23 Wyoming Circle Limestone, Aroostook, ME 04750	46 ° 56 ' 0.9 " N	67 ° 54 ' 34 W	207	NAD- 83	

Licensee certifies antenna(s) comply with gain patterns specified in Section 25.209

UNITED STATES OF AMERICA FEDERAL COMMUNICATIONS COMMISSION

EARTH STATION AUTHORIZATION

Name: Northwood Space Corp.

Call Sign: E260324

Authorization Type: License

File Number: SES-LIC-20260426-01140

Grant Date: 2026-07-28 **Expiration Date:** 2041-07-28

Subject to the provisions of the Communications Act of 1934, The Communications Satellite Act of 1962, subsequent acts and treaties, and all present and future regulations made by this Commission, and further subject to the conditions and requirements set forth in this license, the grantee is authorized to construct, use and operate the radio facilities described below for radio communications for the term beginning Tuesday, July 28, 2026 (3 AM Eastern Standard Time) and ending Sunday, July 28, 2041 (3 AM Eastern Standard Time). The required date of completion of construction and commencement of operation is Wednesday, July 28, 2027. Grantee must file with the Commission a certification upon completion of construction and commencement of operation.

B) Particulars of Operation

The General Provision 1010 applies to all receiving frequency bands.

The General Provision 1900 applies to all transmitting frequency bands.

For the text of these provisions, refer to Section H.

#	Frequency (MHz)	Polarization Code	Emission	Tx/Rx Mode	Max EIRP /Carrier (dBW)	Max EIRP Density /Carrier (dBW)	Associated Antenna	Special Provisions (Refer to Section H)	Modulation/ Services
1	2025 - 2110		1M50DID	Earth-to- Space	45.71	19.96	LORNG		DID
2	8025 - 8400		25M0DID	Space-to- Earth			LORNG		DID
3	8450 - 8500		25M0DID	Space-to- Earth			LORNG		DID
4	2200 - 2290		1M50DID	Space-to- Earth			LORNG		DID

Name: Northwood Space Corp.

Call Sign: E260324

Authorization Type: License

File Number: SES-LIC-20260426-01140

Grant Date: 2026-07-28 **Expiration Date:** 2041-07-28

D) Points of Communications

The following stations located in the Satellite orbits consistent with Sections B and C of this Entry:

UNITED STATES OF AMERICA FEDERAL COMMUNICATIONS COMMISSION

EARTH STATION AUTHORIZATION

Name: Northwood Space Corp.

Call Sign: E260324

Authorization Type: License

File Number: SES-LIC-20260426-01140

Grant Date: 2026-07-28 **Expiration Date:** 2041-07-28

E) Antenna Facilities

#	Site ID	Antenna ID	Units	Diameter (Meters)	Manufacturer	Model Number	Site Elevation (Meters)	Max Antenna Height (Meters)	Special Provisions
									(Refer to Section H)
1	Loring	LORNG	6	2.4	Northwood Space Corp	NW24	207	3 AGL / undefined AMSL	

Max Gains(s):

Maximum total input power at antenna flange(Watts): 20

Maximum aggregate output EIRP for all carriers(dBW): 45.71

G) Antenna Structure marking and lighting requirements:

None unless otherwise specified under Special and General Provisions.

Grant Date: 2026-07-28 **Expiration Date:** 2041-07-28

H) Special and General Provisions:

A) This EARTH STATION AUTHORIZATION is granted subject to the following special provisions and general conditions.

- 4 --- Licensee must ensure that a current listing of the name, title, mailing address, email address, and telephone number of the responsible point of contact are on file at the FCC. Any changes must be filed electronically in the International Communications Filing System (ICFS) using the "Pleadings and Comments" link on the ICFS homepage within 10 days of the change.
- 8 --- Licensee must notify the Commission when all earth stations under this authorization are no longer operational or when they have not been used to provide service during any continuous six-month period.
- 5555 --- Prior to commencing operations in frequency bands shared with federal agencies, licensee must complete coordination with NTIA. The Licensee may begin operations in a shared band for the remainder of the license term after filing a notice, via supplement, with the Commission certifying to successful coordination in the authorized frequency band or bands. The licensee does not need to have completed coordination for all bands shared with federal services prior to beginning operations and may proceed iteratively based on coordination.
- 10000 --- Earth station transmissions in the 2025-2110 MHz band are subject to prior coordination with the local Society of Broadcast Engineers, Inc. (SBE) frequency coordinator.
- 90900 --- Grant of the instant application is subject to the terms and condition of all associated current or future space station authorization(s) or grant(s) of market access. Operations pursuant to the instant authorization must be consistent with the associated space station(s) authorizations(s) or grant(s) of market access.

B) This RADIO STATION AUTHORIZATION is granted subject to the additional conditions specified below:

This authorization is issued on the grantee's representation that the statements contained in the application are true and that the undertakings described will be carried out in good faith.

This authorization shall not be construed in any manner as a finding by the Commission on the question of marking or lighting of the antenna system should future conditions require. The grantee expressly agrees to install such marking or lighting as the Commission may require under the provisions of Section 303(q) of the Communications Act. 47 U.S.C. § 303(q).

Neither this authorization nor the right granted by this authorization shall be assigned or otherwise transferred to any person, firm, company or corporation without the written consent of the Commission. This authorization is subject to the right of use or control by the government of the United States conferred by Section 706 of the Communications Act. 47 U.S.C. § 706. Operation of this station is

governed by Part 25 of the Commission's Rules. 47 C.F.R. Part 25.

This authorization shall not vest in the licensee any right to operate this station nor any right in the use of the designated frequencies beyond the term of this license, nor in any other manner than authorized herein.

This authorization is issued on the grantee's representation that the station is in compliance with environmental requirements set forth in Section 1.1307 of the Commission's Rules. 47 C.F.R. § 1.1307.

This authorization is issued on the grantee's representation that the station is in compliance with the Federal Aviation Administration (FAA) requirements as set forth in Section 17.4 of the Commission's Rules. 47 C.F.R. § 17.4.

The following condition applies when this authorization permits construction of or modifies the construction permit of a radio station.

This authorization shall be automatically forfeited if the station does not meet each required construction deadline by the required date of completion unless, before such date(s), a specific application is timely filed to request an extension of the construction deadline(s), supported with good cause why that failure to construct by the required date was due to factors not under control of the grantee.

Licensees are required to pay annual regulatory fees related to this authorization. The requirement to collect annual regulatory fees from regulatees is contained in Public Law 103-66, "The Omnibus Budget Reconciliation Act of 1993." These regulatory fees, which are likely to change each fiscal year, are used to offset costs associated with the Commission's enforcement, public service, international, policy, and rulemaking activities. The Commission issues a Report and Order each year, setting the new regulatory fee rates. Receive-only earth stations are exempt from payment of regulatory fees.
