

## NON-U.S. LICENSEE REQUIREMENTS

### § 25.137: Requests for U.S. market access through non-U.S.-licensed space stations

Section 25.137 (a) of the Commission's rules require Canadian-licensed systems to demonstrate that U.S.-licensed satellite systems have effective competitive opportunities to provide analogous service in Canada, and any other country in which communications with U.S. earth stations will originate or terminate. In accordance with Section 25.137 (b), Kepler hereby incorporates its grant for market access to fulfill this condition.<sup>1</sup>

Further, Kepler has complied with all applicable Commission requirements up to the filing of this application, including those pertaining to milestones, reporting requirements, surety bond requirements, and all other service rules associated with its market access grant.<sup>2</sup>
