**MOTION TO DESIGNATE PROCEEDINGS AS "PERMIT-BUT-DISCLOSE"**

Mobile Satellite Ventures Subsidiary LLC ("MSV") hereby requests that the Commission designate the *ex parte* status of the above-captioned proceedings as "permit-but-disclose."<sup>1</sup>

Pursuant to the Commission's rules, "[w]here the public interest so requires in a particular proceeding, the Commission and its staff retain the discretion to modify the applicable *ex parte* rules by order, letter, or public notice." 47 C.F.R. § 1.1200(a). These proceedings involve applications to operate earth stations in the United States using an uncoordinated Inmarsat satellite in the L band. The applications raise policy issues concerning the management of L band spectrum, including complex technical issues, which are the same issues raised by similar previously filed applications currently pending before the International Bureau to operate with

<sup>1</sup> On this day, MSV has filed a Notice of Intent to Participate in the above-referenced proceedings, thereby making these proceedings restricted under the Commission's *ex parte* rules. See MSV, Notice of Intent to Participate, File No. SES-MFS-20060118-00050 et al (January 20, 2006).

On January 24, 2006, the Satellite Division granted Mobile Satellite Ventures Subsidiary LLC's request to designate Telenor Satellite, Inc.'s ("Telenor") earth station applications that seek authority and special temporary authority ("STA") to provide Mobile Satellite Services in the L-band with Inmarsat's 4F2 satellite, to be located at 52.75° W.L., as "permit-but-disclose" for purposes of the Commission's rules governing ex parte communications. See Motion to Designate Proceeding as "Permit-But-Disclose," filed by Mobile Satellite Ventures Subsidiary on January 20, 2006. We find that designating these Telenor earth station applications as "permit-but-disclose" will facilitate resolution of the complex policy issues raised by the applications. Thus, we designate IBFS File Nos. SES-MFS-20060118-00050, SES-MFS-20060118-00051, SES-MFS-20060118-00052, SES-MFS-20060118-00053, SES-STA-20060118-00055, SES-STA-20060118-00056, SES-STA-20060118-00057, SES-STA-20060118-00058, and SES-STA-20060119-00064 as "permit-but-disclose," effective January 24, 2006. See 47 C.F.R. §§ 1.1200(a), 1.1206 and 1.1208 note 2. This action is without prejudice to any determination regarding the processing of the applications.

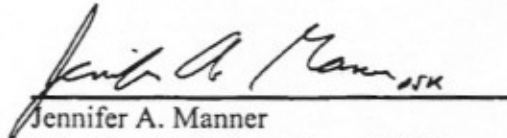

Inmarsat-4 satellites.<sup>2</sup> The International Bureau has already designated these previously filed applications as permit-but-disclose proceedings.<sup>3</sup> A free exchange of views, particularly with Commission engineers, will be useful in creating a more complete record.

Based on the foregoing, MSV respectfully requests that the Commission designate the *ex parte* status of the above-captioned proceedings as "permit-but-disclose."
