Re: ***WB Holdings 1, LLC – Milestone Completion for
WildBlue-1 Satellite***
File No. SES-MFS-20060811-01347 (Call Sign E050033)

Dear Ms. Dortch:

On October 25, 2006, the International Bureau modified the blanket earth station authorization held by WB Holdings 1, LLC (“WBH”) to authorize communications with the Canadian-licensed WildBlue-1 satellite (“WB-1”) at the 111.1° W.L. orbital location.¹ That authorization requires WBH to demonstrate with respect to WB-1 that (1) a binding construction contract has been executed by October 10, 2007, (2) the CDR has been completed by October 10, 2008, (3) physical construction has commenced by October 10, 2009, and (4) launch and operation has been accomplished by October 10, 2011. The Bureau previously found that WBH had satisfied the first three milestones, and accordingly reduced the related performance bond from \$3 million to \$750,000.² WildBlue posted the required bond on November 27, 2006.³

As confirmed by the attached Declaration, the WB-1 satellite was successfully launched on December 8, 2006, and arrived at its authorized orbital location on January 22, 2007. Accordingly, WBH requests that that the Commission make a determination

¹ See Public Notice, Rep. No. SES-00867 (Oct. 25, 2006).

² See Public Notice, Rep. No. SES-00869 (rel. Nov. 1, 2006).

³ See Letter from William M. Wiltshire to Marlene H. Dortch, File No. SES-MFS-20060811-01347 (Nov. 27, 2006).

HARRIS, WILTSHIRE & GRANNIS LLP

that the final milestone for this satellite has been satisfied and authorize cancellation of the related performance bond.

If you have any questions, please do not hesitate to contact undersigned counsel.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "William M. Wiltshire".

William M. Wiltshire
Counsel for WB Holdings 1, LLC

DECLARATION

I, David M. Brown, Senior Vice President and General Counsel of WildBlue Communications, Inc., hereby certify as follows:

1. The WildBlue-1 spacecraft was successfully launched from the Arianespace facility in Kourou, French Guiana, on December 8, 2006.
2. After completion of in-orbit testing, WildBlue-1 was placed in its assigned orbital location of 111.1° W.L. on January 22, 2007.

David M. Brown
Senior Vice President and
General Counsel
WildBlue Communications, Inc.
