Re: Mobile Earth Station; Call Sign E000156
File No. SES-MFS-20080616-00785

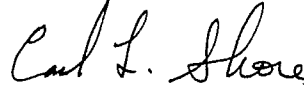

Dear Ms. Dortch:

Honeywell International, Inc. hereby requests that this letter be included in the file of the above-referenced application to modify Call Sign E000156 to add Inmarsat 4F2 as a point of communication. This letter is submitted pursuant to guidance received from Commission staff.

The license for Call Sign E000156 lists "INMARSAT Ltd-3 - (54 W.L.)" as an authorized point of communication. Inmarsat has relocated this satellite to another orbital position. Honeywell hereby requests that INMARSAT Ltd-3 at 54 W.L. be deleted as an authorized point of communication.

Please contact the undersigned with any questions.

Sincerely,

Carl L. Shore
