**Subject:** Official Copy of Radio Station Authorization License

SEP 30 2016  
Satellite Division  
International Bureau

To Whom It May Concern:

I had called yesterday about obtaining an official copy of a radio station authorization license for fixed and mobile satellite services. The call sign was E050318. I wanted to reach out again to check the status of the copy. Would I be able to come by the office and pick it up today?

Please let me know what works best.

Thanks,

William Carden
