Dear Ms. Dortch:

On October 19, 2010, L. Barbee Ponder IV (General Counsel and Vice President of Regulatory Affairs) of Globalstar, Inc. (“Globalstar”) had a teleconference with Karl Kensinger, Robert Nelson, Rod Porter, and Cassandra Thomas of the International Bureau. They discussed the successful launch of the first set of satellites for Globalstar’s second generation constellation on October 19, 2010, reinstatement of Globalstar’s MET license application, and potential amendments to Globalstar’s December 21, 2009 application for authority for its earth stations to communicate with its second-generation constellation.

Should there be any questions concerning these meetings, please contact the undersigned.

Respectfully submitted,

*/s/ Samir Jain*
