

Inmarsat Hawaii Inc. submits this response to Question 36 of FCC Form 312 out of an abundance of caution. In 2005, the Commission dismissed a Petition for Declaratory Ruling (the “Petition”) filed by the Inmarsat Hawaii Inc.’s affiliate, Inmarsat Global Limited (“Inmarsat Global”), seeking United States market access to provide MSS in the 2 GHz band. Subsequent to Inmarsat Global’s filing, the Commission assigned all 2 GHz spectrum currently allocated for MSS in the United States to two other satellite operators, and thus dismissed Inmarsat Global’s Petition.<sup>1</sup> Inmarsat Global has sought reconsideration of both the Commission’s disposition of the 2 GHz band and the accompanying dismissal of its Petition.<sup>2</sup>
