Hello Ms. Bryant.

Regarding our application, SES-AFS-20100916-01166 for earth station call sign E000586,

I believe that I confused the satellite arc range on my application. I intended to show the following:

- Eastern range limit as 177°W. Azimuth of 246.5°. Elevation of 18.9°.
- Western range limit as 194°W. Azimuth of 258.5°. Elevation of 5.7°.

Regards,
