Elizabeth,

For this application, It is better that you send an email to Ms. Spriggs indicating that you request to have type of station in question 25 corrected to show that it is Temporary fixed earth station then we will upload your document into the filing system.

Elizabeth,

The Main form of the application, question 25 indicates that the station is fixed earth station. If this station should be a temporary fixed earth station, question 25 should be corrected so that the license will reflect temporary fixed earth station rather than fixed earth station.
