Re: Call Sign E020071  
IBFS File No. SES-MFS-20110715-00822

Dear Mr. Mah:

On March 21, 2012, we granted in part and dismissed in part an earth station application filed by SES Americom, IBFS File No. SES-MFS-20110715-00822.<sup>1</sup> Upon review, we find that we erroneously dismissed that portion of the application in which SES requested authority to operate emission designator 1M00F8D. Consequently, pursuant to Section 1.108 of the Commission's rules, 47 C.F.R. § 1.108, we amend SES Americom's license for earth station call sign E020071 to authorize use of emission designator 1M00F8D.

Sincerely,

A handwritten signature in black ink, appearing to be "R. Nelson", followed by a long horizontal line.

Chief, Satellite Division
