Re: Notice of Intent to Respond in IBFS File Nos. SES-MFS-20120322-00290, SES-AFS-20120426-00396, Call Sign E060445 and IBFS File No. SES-MFS-20120426-00395, Call Sign E110149.

Dear Ms. Murphy:

On August 14, 2013, Iridium Satellite LLC (Iridium) filed the above-captioned Notice of Intent to Respond, which indicated that Iridium intends to respond to the Supplement filed on July 30, 2013, by HNS License Sub, LLC (Hughes) in the same proceedings. To date, however, the record reflects that Iridium has not filed such a response. If Iridium intends to file a response to Hughes's July 30 Supplement, Iridium should file it with the Commission within 30 days of the date of this letter.¹ Iridium's response should explain the technical basis for the feeder link protection criteria it advocates in the above-captioned proceedings for its existing satellite system. Iridium should also list in detail any information that Iridium has previously filed with the Commission in any licensing or rulemaking proceeding regarding the feeder link protection criteria for its existing satellite system.

Sincerely,

Jose Albuquerque
Chief, Satellite Division
International Bureau
