

Attachment A
Description of Application
(Response to Question 43)

Qualcomm Incorporated (“Qualcomm”) hereby requests authority to modify its earth station license, E000003 (“License”), as described herein.

Qualcomm requests authority for the following modifications:

Modification to Site Location LV-HUB

- Add Contact Name and Telephone Number to Site LV-HUB (Site Location No. 1 on License)
- Change Latitude, Longitude and Site Elevation for Site 1 (Site Location No. 1 on License)*
- No change in frequencies (Particulars of Operations Nos. 1-5 on License)
- No change to frequency coordination (Frequency Coordination Nos. 1-2 on License)
- No change to ALSAT Point of Communication (Point of Communications No. 1 on License)
- Add Point of Communication Satmex-5 @ 114.9 W.L. (Non-U.S. licensed) (Point of Communications on License)
- Add new Point of Communication Satmex-8 @ 116.8 W.L. (Non-U.S. licensed) (Point of Communications on License)
- No change to antenna facilities (Antenna Facilities No. 1 on License)

* The Latitude, Longitude and Site Elevation are being changed in response to an FCC staff request to check the coordinates.
