Re: Modification of C-Band Earth Station, E040123, SES-LIC-20040303-00311

Pursuant to §25.117 of the Rules and Regulations (“Regulations”) of the Federal Communications Commission, ITC Global USA, LLC, by way of the underlying application, respectfully requests Commission authority to modify the parameters of the above-captioned fixed earth station.

The changes sought in this application are regarding site 1, antenna ID 1 as follows:

1. Addition of one new transmit emission designator
2. Addition of one new receive emission designator
3. Increase of earth station maximum total input power at the flange
4. Increase of earth station aggregate output EIRP for all carriers.
5. Modification of the points of communications.

Sincerely,

/s/ Raul Magallanes
