Re: E030115  
Hawaii Pacific Teleport, L.P.  
SES-MFS-20131030-00913

Dear Ms. Dortch:

Hawaii Pacific Teleport, L.P. ("HPT"), licensee of transmit/receive earth station E030115, filed the above-referenced application (SES-MFS-20131030-00913) for modification of E030115's license to add an 8.1 m. antenna to provide TT&C services for the ASTRA3A satellite during its relocation and once it is on station at 176.85 W. HPT's request for special temporary authority ("STA") (SES-STA-20131030-00914) enabled E030115 to provide TT&C services while ASTRA3A was relocated. ASTRA3A is now on station at 176.85 W. HPT only seeks to provide TT&C services for ASTRA3A and no other satellites with the proposed 8.1 m. antenna for E030115.

HPT also seeks to provide digital audio, video and data services with the proposed 8.1 m. antenna with ALSAT (i.e., those satellites on the FCC's Permitted Space Station List), as specified in Schedule B in the above-referenced modification application.

Should any questions arise or any additional information be required, please contact this office.

Very truly yours,

FLETCHER HEALD & HILDRETH, PLC
