Re: Amendment to HNS License Sub, LLC Modification Application – SES-MFS-20150401-00186 (call sign E060445)

Dear Ms. Dortch:

Pursuant to Section 25.116 of the Federal Communications Commission's Rules,<sup>1</sup> HNS License Sub, LLC (Hughes) amends its application, IBFS File No. SES-MFS-20150401-00186 (filed April 1, 2015), to request the following minor amendments:

- On page 3 of the Narrative, Hughes requested the deletion of all entries under call sign E060445 related to "74CM(FB)."<sup>2</sup> On Schedule B for site ID TR74CM, Hughes requested an increase in the number of terminals for the "74CM(FB)" antennas. Hughes requests the Commission to not delete all entries under call sign E060445 related to "74CM(FB)" Instead, the "74CM(FB)" antenna ID should remain on the license, and, as requested on Schedule B of Form 312, Hughes asks that the Commission increase the number of terminals of the "74CM(FB)" antenna to 5 million from 2 million to accommodate customers who will use the antenna with the Jupiter 2 (EchoStar XIX) satellite in addition to currently licensed points of communications.<sup>3</sup>
- Replace Steve Doiron with Jesse Jachman as the contact for this application. My contact information is:

11717 Exploration Lane  
Germantown, MD 20876  
Tel: (301)428-5975  
Fax: (301)428-2818  
Email: jesse.jachman@hughes.com

---

<sup>1</sup> 47 C.F.R. § 25.116.

<sup>2</sup> See IBFS File No. SES-MFS-20150401-00186, Narrative at 3 (filed Apr. 1, 2015).

<sup>3</sup> The Jupiter 2 (EchoStar XIX) satellite is planned to launch in 2016.

Ms. Dortch
