Re: CORRECTION: Successful Launch of EchoStar XXIII

Dear Mr. Blais:

EchoStar Satellite Services L.L.C. (EchoStar) sent a letter on March 20, 2017 announcing the successful launch of EchoStar XXIII from Cape Canaveral, Florida. The initial letter misstated the launch date as March 12, 2017, whereas the launch actually occurred on March 16, 2017.

If you have any questions or would like to receive additional information, please let me know.

With my warmest regards,

Jennifer A. Manner
