This letter is regarding Satellite Earth Station License KD75.

Megastar, Inc. sold the earth station facilities (including land, building and equipment) corresponding to license KD75 to Vector Communications Network (Vector) in 1988. Megastar, Inc held and still holds a security interest in the property and license. Megastar, Inc. maintains a security interest in this property and license in order to guarantee performance on a note.

In June of this year, Megastar attempted to hold a foreclosure sale on the property. On June 2, 2003 Vector Communications Network filed for chapter 11 protection under the U.S. Bankruptcy Code. The case number is 03-15718-BKC-RAM; please see the attached documentation. This action stayed the foreclosure. Please see the attached notice I received from the court.

Megastar, Inc. is now trying to either get the stay lifted or the bankruptcy dismissed, and will hopefully succeed sometime this month.

My concern is that if Megastar is successful in getting the stay lifted or case dismissed, that Vector may try to turn the license back in to the FCC in retribution. Should this happen, this is in violation of security agreements and the US Bankruptcy code. Please do not accept the return of this license by Vector.

Sincerely,

Nigel Macrae
President

Re: In Re: Vector Communication Network Corp.
Your Client Reference: Megastar, Inc.
Our File Number: 03-05-041

Dear Mr. Pickett:

Please be advised that the undersigned attorneys have been retained to file a Petition for Reorganization on behalf of the above-referenced Debtor in the United States Bankruptcy Court for the Southern District of Florida and pursuant to Chapter 11 of the U.S. Bankruptcy Code. The case number with respect to the above-referenced debtor is 03-15718 BKC-RAM. You will be receiving notification from the Court of Vector Communication Network Corp's. filing for Bankruptcy and you will be further advised by the Court of a section 341 hearing to consider whether or not Debtor's Petition for Discharge from Indebtedness should be considered.

PURSUANT TO THE FEDERAL LAW (11 U.S.C. SECTION 362 (a)) AS A RESULT OF THE FILING OF THE PETITION, CERTAIN ACTS AND PROCEEDINGS AGAINST THE DEBTOR ARE PROHIBITED. FAILURE TO REFRAIN FROM COLLECTION EFFORTS CAN RESULT IN YOU BEING FOUND IN CONTEMPT OF COURT.

To facilitate your review of this matter, I am enclosing a true copy of the petition. The petition was filed, and the automatic stay came into effect, Monday June 2, 2003 at 10:00 a.m.

Should you have any questions concerning the foregoing, please do not hesitate to contact our

office. We would further request that you refrain from proceeding with any anticipated Trustee's sale of the property referenced in your Notice of Trustee's Sale directed to Vector Communications Network Corp, dated May 21, 2003. Your patience and cooperation in this matter is greatly appreciated.

Very truly yours,

LAWRENCE J. SHAPIRO & ASSOCIATES, P.A.

In Re: Notice of Trustee's Sale
LIBERTY COUNTY COURTHOUSE
Sale Date - TO BE CANCELLED:

MEGASTAR, INC. acting by and through
EDWARD B. PICKETT, TRUSTEE

Plaintiff,

v.

VECTOR COMMUNICATION NETWORK, INC.
Defendant (s).

SUGGESTION OF BANKRUPTCY

YOU ARE HEREBY notified that on June 2, 2003, at 9:59 a.m., a Petition under Chapter 11 of the Bankruptcy Code was filed on behalf of Defendant, VECTOR COMMUNICATION NETWORK, INC., in the United States Bankruptcy Court, for the Southern District of Florida, Case No.: 03-15718 BKC-RAM. Upon filing of this Chapter 11 Petition, all property of the Debtor, both real and personal, and the person of the Debtor(s), became subject to the jurisdiction of the United States Bankruptcy Court, pursuant to the provisions of Title 11, United States Bankruptcy Code, relating to Bankruptcy.

YOU ARE FURTHER NOTIFIED that pursuant to the provisions of Title 11, United States Code, Section 362, the filing of this Chapter 11 Petition operates as an automatic stay of the commencement or continuation of any action against the Debtor.

YOU ARE FURTHER NOTIFIED that you are not to proceed with the Trustee's sale, referenced in the "Notice of Trustee's Sale" dated May 13, 2003 - a copy of said notice of Trustee's sale is attached hereto as Exhibit "A".

UNITED STATES BANKRUPTCY COURT

Southern District of Florida

Notice of Chapter 11 Bankruptcy Case, Meeting of Creditors, & Deadlines

A chapter 11 bankruptcy case concerning the debtor listed below was filed on 06/02/03.

You may be a creditor of the debtor. This notice lists important deadlines. You may want to consult an attorney to protect your rights. All documents filed in the case may be inspected at the bankruptcy clerk's office at the address where the judge assigned to the case is chambered.

NOTE: THE STAFF OF THE BANKRUPTCY CLERK'S OFFICE CANNOT GIVE LEGAL ADVICE.

See Reverse Side For Important Explanations and SDFL Local Court Requirements.

RADIO STATION AUTHORIZATION**

Name: VECTOR COMMUNICATION NETWORK CORP.
 Authorization Type: Modification of License
 Non Common Carrier

Call Sign: KD75
 File Number: SES-MOD-19961015-00338
 Grant Date: 12/31/1996 Expiration Date: 04/04/2006

Nature of Service: Domestic Fixed Satellite Service
 Nature of Service: International Fixed Satellite Service
 Class of Station: Fixed Earth Stations

A) Site Location(s)

#	Site ID	Address	Latitude	Longitude	Elevation (Meters)	Special Provisions NAD (Refer to Section H)
1)	1	Route 1, Box 322 RAYBURN, LIBERTY, TX	30°23'11.0"N	94°54'26.0"W	18.9	

Licensee certifies antenna(s) comply with gain patterns specified in Section 25.209 .

Subject to the provisions of the Communications Act of 1934, The Communications Satellite Act of 1962, subsequent acts and treaties, and all present and future regulations made by this Commission, and further subject to the conditions and requirements set forth in this license, the grantee is authorized to construct, use and operate the radio facilities described below for radio communications for the term beginning April 4, 1996 (3 AM Eastern Standard Time) and ending April 4, 2006 (3 AM Eastern Standard Time) . The required date of completion of construction and commencement of operation is December 31, 1997 (3 AM Eastern Standard Time) . Grantee must file with the Commission a certification upon completion of construction and commencement of operation.

B) Particulars of Operations

The General Provision 1010 applies to all receiving frequency bands.

The General Provision 1900 applies to all transmitting frequency bands.

For the text of these provisions, refer to Section H.

#	Frequency (MHz)	Polarization Code	Emission	Tx/Rx Mode	Max EIRP /Carrier (dBW)	Max EIRP Density /Carrier (dBW/4kHz)	Associated Antenna	Special Provisions (Refer to Section H)	Modulation/ Services
1)	5925.0000-6425.0000	H, V	36M0F9F	Tx	83.70	56.70	1	1900 5630	
2)	5925.0000-6425.0000	H, V	36M0G9W	Tx	46.80	36.80	1	1900 5630	
3)	3700.0000-4200.0000	H, V	36M0F9F	Rx			1	1010 5630

H) Special and General Provisions

A) This RADIO STATION AUTHORIZATION is granted subject to the following special provisions and general conditions:

- 1010 --- Applicable to all receiving frequency bands. Emission designator indicates the maximum bandwidth of received signal at associated station(s). Maximum EIRP and maximum EIRP density are not applicable to receive operations.
- 1578 --- This authorization is conditioned upon the outcome of the Commission's Rules and Regulations of Satellite Application and Licensing Procedures, Notice of Proposed Rulemaking in IB Docket No. 95-117, FCC 95-285 (adopted July 13, 1995) and is without prejudice to any action the Commission deems appropriate in that proceeding.
- 1900 --- Applicable to all transmitting frequency bands. Authority is granted to transmit any number of RF carriers with the specified parameters on any discrete frequencies within associated band in accordance with the other terms and conditions of this authorization, subject to any additional limitations that may be required to avoid unacceptable levels of inter-satellite interference.
- 2010 --- This authorization is issued pursuant to the Commission's Second Report and Order adopted June 16, 1972 (35 FCC 2d 844) and Memorandum, Opinion and Order adopted December 21, 1972 (38 FCC 2d 665) in Docket No. 16495 and is subject to the policies adopted in that proceeding.
- 2454 --- All satellite uplink transmissions carrying broadband video information shall comply with the Automatic Transmitter Identification System (ATIS) requirements of Section 25.281 of the Rules, as modified by FCC Report No. DS-1066, released on April 3, 1991.
- 2500 --- With respect to potential co-channel interference to or from terrestrial microwave radio stations: receive frequency band(s) listed in Section B of this authorization have been cleared for transmissions from and transmit frequency band(s) listed in Section B have been cleared for transmission to satellites located in the portion of the geostationary satellite orbit specified in Section D for the emissions designated in Section B.
- 2511 --- Domestic satellite services are limited to "ALSAT" only.
- 2810 --- The grantee shall maintain on file with the Commission's current list or plan of the precise frequencies in actual use at this station, specifying for each such frequency: the r.f. center frequency, polarization, emission designator, EIRP (dBW), EIRP density (dBW/4kHz), and receiving earth station(s). This list or plan may be submitted either on a station-by-station basis or on a system-wide basis, and shall be updated within seven days of any changes in frequency usage at this station. Temporary usage of frequencies for periods of less than seven days need not be notified to the Commission if accurate station records are maintained of the times and particulars of such temporary frequency usage.
- 2916 --- Transmitter(s) must be turned off during antenna maintenance to ensure compliance with the FCC-specified safety guidelines for human exposure to radiofrequency radiation in the region between the antenna feed and the reflector. Appropriate measures must also be taken to restrict access to other regions in which the earth station's power flux density levels exceed the specified guidelines.

File Number: SES-MOD-19961015-00338

Non Common Carrier

Grant Date: 12/31/1996

Expiration Date: 04/04/2006

H) Special and General Provisions

A) This RADIO STATION AUTHORIZATION is granted subject to the following special provisions and general conditions:

- 2938 --- Upon completion of construction, each licensee must file with the Commission a certification including the following information: name of the licensee, file number of the application, call sign of the antenna, date of the license and certification that the facility as authorized has been completed, that each antenna facility has been tested and is within 2 dB of the pattern specified in Section 25.209 and that the station is operational including the date of commencement of service and will remain operational during the license period unless the license is submitted for cancellation.
- 5012 --- The authority granted here is limited to the operation of the facilities described above and does not include any authority to install and operate channelizing equipment or any other authority under Section 214 of the Communications Act of 1934, as amended, to establish channels of communications.
- 5017 --- Operation of this station is governed by the terms, conditions and limitations in Part 25 of the Commission's Rules and Regulations and the following additional conditions: 1. This license shall not vest in the Licensee(s) any right to operate the station or any right in the use of the frequencies designated in the license beyond its term or in any other manner than authorized in the license; 2. Neither the license nor the right granted under it shall be assigned or otherwise transferred in violation of the Commission's Rules and Regulations issued under it; and 3. This station is subject to the right of use or control conferred by Section 706 of the Communications Act of 1934, as amended.
- 5018 --- This license shall be forfeited automatically if this station is not ready for operation within the time specified unless, prior to the expiration date of this license, the Commission receives an Application for Additional Time to Construct a Radio Station (FCC Form 701) filed by the Licensee(s) showing good cause why the Licensee(s) could not complete construction on time.
- 5202 --- Use of this facility to provide international service on a common carrier basis will require appropriate authorization under Section 214 of the Communication Act of 1934, as amended.
- 5203 --- All communications shall be in accordance with the satellites and services which have completed consultations under Article XIV(d) of the INTELSAT Agreement and which the Commission has approved.
- 5225 --- This action constitutes the final step with respect to the provision of the services only insofar as the US regulatory process is concerned. However, this authority shall not be construed as authorizing the distribution of programming where the appropriate copyright clearances have not been obtained or where the U.S. Government has determined that appropriate copyright protection does not otherwise exist.
- 5237 --- Licensee is authorized to provide services between the United States and Mexico via satellites of the Morelos and Solidaridad systems.
- 5238 --- All operations shall be on a non-common carrier basis, and all services are not interconnected to the public switched network.
- 5630 --- International services shall be consistent with this emission designator, the underlying title III application(s) and the acquisition of any necessary Section 214 authority.

File Number: SES-MOD-19961015-00338

Non Common Carrier

Grant Date: 12/31/1996

Expiration Date: 04/04/2006

B) This RADIO STATION AUTHORIZATION is granted subject to the additional conditions specified below:

This authorization is issued on the grantee's representation that the statements contained in the application are true and that the undertakings described will be carried out in good faith.

This authorization shall not be construed in any manner as a finding by the Commission on the question of marking or lighting of the antenna system should future conditions require. The grantee expressly agrees to install such marking or lighting as the Commission may require under the provisions of Section 303(q) of the Communications Act. 47 U.S.C. § 303(q).

Neither this authorization nor the right granted by this authorization shall be assigned or otherwise transferred to any person, firm, company or corporation without the written consent of the Commission. This authorization is subject to the right of use or control by the government of the United States conferred by Section 706 of the Communications Act. 47 U.S.C. § 706. Operation of this station is governed by Part 25 of the Commission's Rules. 47 C.F.R. Part 25.

This authorization shall not vest in the licensee any right to operate this station nor any right in the use of the designated frequencies beyond the term of this license, nor in any other manner than authorized herein.

This authorization is issued on the grantee's representation that the station is in compliance with environmental requirements set forth in Section 1.1307 of the Commission's Rules. 47 C.F.R. § 1.1307.

This authorization is issued on the grantee's representation that the station is in compliance with the Federal Aviation Administration (FAA) requirements as set forth in Section 17.4 of the Commission's Rules. 47 C.F.R. § 17.4.

The following condition applies when this authorization permits construction of or modifies the construction permit of a radio station.

This authorization shall be automatically forfeited if the station does not meet each required construction deadline by the required date of completion unless, before such date(s), a specific application is timely filed to request an extension of the construction deadline(s), supported with good cause why that failure to construct by the required date was due to factors not under control of the grantee.

Licensees are required to pay annual regulatory fees related to this authorization. The requirement to collect annual regulatory fees from regulates is contained in Public Law 103-66, "The Omnibus Budget Reconciliation Act of 1993". These regulatory fees, which are likely to change each fiscal year, are used to offset costs associated with the Commission's enforcement, public service, international and policy and rulemaking activities. The Commission issues a Report and Order each year, setting the new regulatory fee rates. Receive only earth stations are exempt from payment of regulatory fees.
