FY2004 Regulatory Fees for Earth Station E000326

Dear Ms. Pride:

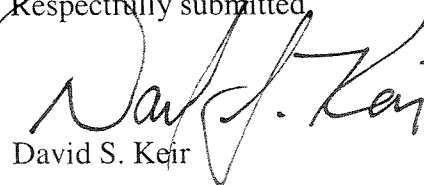

I am writing on behalf of my client, FiberSat Global Services, LLC (formerly McKibben Communications), in response to your letter dated May 13, 2005 concerning annual 2004 regulatory fees for a satellite Earth Station (Call Sign E000326) (copy enclosed). Your letter states that \$250 is owed for this facility for FY2004.

Please be advised that your records are in error, and no annual regulatory fee is owed for this facility for FY2004 or any other year. This Earth Station was never built, and the authorization was formally tendered to the FCC for cancellation on September 25, 2001 in accordance with Section 25.133(b) of the Commission's Rules. See attached letter from James Attaway.

Accordingly, this call sign should be deleted from the Commission's IBFS license database, and the invoice included with your May 13, 2005 correspondence should be cancelled.

Thank you in advance for your assistance in resolving this matter. Please contact me if you have any questions.

Respectfully submitted,

David S. Keir

Re: McKibben Communications Earth Station
(Call Sign E000326; File No. SES-LIC-20000627-01063)

Dear Ms. Salas:

McKibben Communications hereby notifies the Commission that it will not complete construction of the above-referenced satellite Earth station, which was originally licensed by the Commission on September 25, 2000. Because the one-year deadline for completion of this facility pursuant to Section 25.133(a) of the Commission's Rules is today, and McKibben no longer has plans to operate a facility at this location, it hereby tenders the authorization to the Commission for cancellation in accordance with Section 25.133(b) of the Commission's rules.

Should there be any questions concerning this matter, please contact our regulatory counsel, David Keir of Leventhal, Senter & Lerman P.L.L.C., at (202) 429-8970.

Respectfully submitted,

James Attaway

RE: 05RE001839
FRN: 0001530211

Dear Licensee:

This letter is in reference to the annual 2004 regulatory fee(s), which were due to the Federal Communications Commission (Commission) by no later than August 19, 2004. This is a mandatory fee established by Congress in accordance with The Omnibus Budget Reconciliation Act of 1993. The fees are used to offset costs associated with the Commission's enforcement, public service, international and policy and rulemaking activities.

The Commission is currently verifying its FY 2004 International Bureau, Earth Station, regulatory fees collection to identify those regulatees who have not paid. Our research indicates that we have no record of your 2004 regulatory fee payment for the following call sign

E000326

The amount now due is \$200 plus 25% penalty of \$50 for late payment of the fee(s). The total amount now due is \$250. Payment in full should be remitted with the enclosed Form 159 to: **Federal Communications Commission, P.O. Box 358365, Pittsburgh, PA 15251-5365 within thirty (30) days** of the date of this letter. You should submit all payments that may be due including the 25% penalty for each call sign. To obtain a copy of the Public Notice for further instructions, go www.fcc.gov and click on "Fees." Then click on Regulatory Fees and locate your particular service.

If payment has been made, please provide a complete copy of your submission including proof of payment. If you believe you are not obligated to pay under the Commission's rules, please submit complete documentation supporting your position **within thirty (30) days** of the date of this letter. These documents should be sent to: **Federal Communications Commission, Revenue & Receivables Operations Group, Room 1A821, 445 12th Street, SW, Washington, DC 20554.**

We urge you to verify that proper payment was made to the Commission for this or any other call sign in past years. If you find that you were responsible for this payment but neglected to provide it in a past year, please remit those additional fees plus a 25% penalty before additional administrative action is undertaken.

You are cautioned that failure to respond and/or pay the penalty will subject you to further sanctions as defined by CFR Section 1.1164 of our Rules. These sanctions include subjecting the delinquent payer's pending applications to dismissal, and may require a delinquent payer to show cause why its existing instrument of authorization should not be revoked. Further sanctions include interest charges, and the full cost of collection to the Federal Government pursuant to Section 3720A of the Internal Revenue Code and the provisions of the Debt Collection Improvement Act of 1996.

If you need further assistance, please contact the Revenue & Receivables Operations Group at (202) 418-1995.

Sincerely,
