Satellite Earth Station E980183  
Washington, D.C.  
FRN No. 0003-7089-06

Dear Ms. Ponti:

The purpose of this correspondence is to confirm our conversation on Friday, February 28, 2003, concerning a change in name notice that was filed for the above-referenced station. The notice contained a typographical error and erroneously listed the call letters for the above-referenced station as E980103 (see attached). Please ignore and make the correction in licensee name to Station E980183. In addition, this also confirms that Station E980103 is not associated with BT Americas Inc.'s operations.

I apologize for any inconvenience this has caused. Please do not hesitate to contact me if there are any questions or further documentation required for this correction.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Linda J. Cicco". The signature is written in a cursive, flowing style.
