**AMENDED REPLY COMMENTS OF  
OHIO/OKLAHOMA HEARST-ARGYLE TELEVISION, INC.**

Ohio/Oklahoma Hearst-Argyle Television, Inc. ("Ohio/Oklahoma"), licensee of Earth Station E880679, by its attorneys, amends its Reply Comments to the comments of PanAmSat Corporation ("PanAmSat") regarding Ohio/Oklahoma's requests to modify its license for call sign E880679 to add digital newsgathering capabilities to its existing transportable Ku-band uplink earth station (FCC File Nos. SES-MOD-20011119-02106 and SES-AMD-20020123-00053).

In its Comments, PanAmSat indicated that it "has no objection to grant of [Ohio/Oklahoma's] Modification Request, provided that it complies with the Commission's power limits." Counsel for PanAmSat has notified Ohio/Oklahoma that the power levels specified in its Reply Comments and amendment continue to exceed the Commission's power limits. Accordingly, Ohio/Oklahoma files the instant Amended Reply to correct its previous filings.

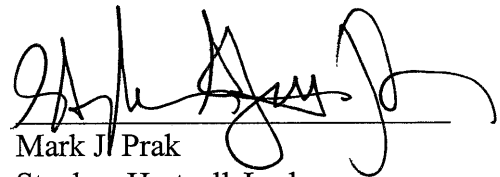

To the extent that its applications request authority to operate its transportable Ku-band uplink earth station at a power that would exceed the limits of the Commission's rules, Ohio/Oklahoma states that the applications are erroneous, and Ohio/Oklahoma states that the correct

data with respect to Emission Designator 6M40G7W is reflected in the following table:

	Maximum EIRP per Carrier (dBW)	Maximum EIRP Density per Carrier (dBW/4kHz)
SES-MOD-20011119-02106	75.6	43.6
SES-AMD-2020123-00053	66.94	43.6
Corrected operating parameters	66.94	34.9

Because this corrected data specifies power limits that comply with Commission Rule 25.212, Ohio/Oklahoma respectfully requests authority to operate its transportable Ku-band uplink earth station (call sign E880679) within the corrected parameters listed above.

Respectfully submitted, this the 6th day of February, 2002.

Mark J. Prak
