

November 14, 2003

Sophie Arrington  
FCC

Dear Ms. Arrington,

This letter is to correct data on the application to modify License E980353, Form 312 for KSAZ License, Inc. Item 18 on page 1, the call letters needs to be corrected from E980553 to **E980353**.

Schedule B, Section 7, lines 6 and 7, column b, has the wrong receive mode frequency band listed. This equipment is for domestic use only, therefore the correct frequency band is **11700 MHz - 12200 MHz** for both lines 6 and 7.

I you have any other questions, you may contact me at 602-262-5106.

Sincerely,

A handwritten signature in cursive script that reads "Gerald Grunig".

Gerald Grunig  
Chief Engineer  
KSAZ-TV Phoenix
